### Supplementary notes

Global business

Name of company **THE STANDARD LIFE ASSURANCE COMPANY 2006**

Financial year ended **30 September 2010**

#### **\*1319\* Maximum permitted counterparty limits**

Investment and treasury managers operate within counterparty limits approved by the Board of Directors. Operation within these limits ensures that the total exposure to any one counterparty falls within the prescribed admissibility limits. To secure proper diversification, individual equity, property and fixed interest holdings are limited to specified percentages of the total portfolios in which they are held. Holdings in fixed interest securities are also subject to limits on the percentage of the portfolio held in issues whose credit ratings are less than a specified level. Cash deposits and holdings in short term securities are restricted to counterparties whose credit ratings are above a specified level, with limits set for each counterparty.

The maximum extent to which, in accordance with the above investment guidelines, the Company was permitted to be exposed to any one counterparty during the year was £8,370,000. This limit was not exceeded during the year.

The maximum extent to which, in accordance with the above investment guidelines, the Company was permitted to be exposed to any one counterparty, other than by way of exposure to an approved counterparty, during the year was £2,093,000. This limit was not exceeded during the year.

#### **\*1401\* Provision for reasonably foreseeable adverse variations**

No adjustment or provision is deemed necessary pursuant to GENPRU 1.3.30R to GENPRU 1.3.33R. This follows a review by senior management of any positions that are valued using third-party valuations or by marking-to-model.

#### **\*1402\* Contingent liabilities and guarantees**

There were no charges over assets.

Full provision has been made in respect of the Company's potential liability to capital gains tax.

Contingent liabilities could arise from legal proceedings the Company is subjected to, like other insurers, in the normal course of business. While it is not practicable to forecast or determine the final results of all pending or threatened legal proceedings, management does not believe that such proceedings (including litigations) will have a material effect on the results and financial position of the Company.

There were no guarantees, indemnities or contractual commitments effected by the Company other than in the ordinary course of its insurance business.

#### **\*1406\* Increase or decrease in the value of non-linked assets**
